**Subject: Fellowship Acceptance Letter**

Dear President,

Good day!

I am writing to express my pride and gratitude, for being selected to be one of the 20 participants to be accepted into the 2020 fellowship program.

I was elated when I received a Fellowship offer letter, stating that my application form and the works which I had submitted, both published and unpublished, impressed the board and the selection committee. It warmed my heart to hear from such a reputable body, that my profile shows a lot of promise and that they believe that I will make waves in the field of creative writing in the near future.

I receive this scholarship with honour, as I know that our fellowship program will help me achieve greater heights and further hone my talents.

I have read the brochure attached to the offer letter I received, detailing the fellowship program, including the regulations I am expected to follow as part of the program. As required, I will make myself ready for the program which will begin in January 2021. I will work towards submitting an article, as part of the fellowship program showing what I have learned at the program end.

Any further questions I have regarding the fellowship terms and conditions, I will address to the appropriate contact person.

Sincerely,

[Your name]
